FENCES AND/OR WALLS:

1. Applicant/property owner is responsible for property boundary locations and any error in fence locations.
2. Authorization from the Architectural Review Board may be required if the fence or wall is to be constructed in the Historic District.
3. Fences or walls shall be located outside of the public right-of-way, and may not exceed 40 inches in height if located within a sight triangle.
4. Fences and walls are permitted on the property line between two or more parcels of land held in private ownership.
5. Fences and walls may be located within any required yard.
6. It is the applicant’s responsibility to ensure that any fences located within easements of any kind or around fire protection facilities, have the necessary authorization from the easement holder. If the City is the easement holder, the Department of Public Works must authorize the proposed structure within the easement. The City shall not be responsible for damage to fences that must be removed by an easement holder to access such easements or facilities.
7. No fence or wall shall be installed so as to block or divert a natural drainage flow onto or off of any other land unless subject to an approved stormwater management plan. Temporary fencing to protect existing trees, limit sedimentation, or erosion is permitted.
8. Fences and walls shall be installed so as not to disturb or damage existing vegetation or installed plant material, to the maximum extent practicable. The perimeter fencing or wall for a single development shall be of a uniform style that complies with the standards of Section 72-56 of the Unified Development Ordinance.
9. Height of fences and walls is measured from the established grade on the highest side of the fence or wall.
10. General Height Standards:

Zoning district	Location	Maximum height
Any	Within a sight triangle	40”
Residential	Any location on a vacant lot	48”
Residential Commercial Planned Development	Between the front lot line and the front of the principal building	48”
	Any other location on the lot	72”
Industrial	Between the front lot line and the front of the principal building	72”
	Any other location on the lot	96”

11. On a Corner or Through Lot:

Zoning district	Location	Special Circumstance	Maximum Height
Residential Commercial Planned Development	Secondary front yard of a corner or through lot	The secondary front yard abuts a primary front yard.	72” if the fence is not closer to the secondary front property line than the front of the abutting principal structure.
		The secondary front yard abuts the secondary front yard of another lot.	72”

See Section 72-56.2 of the Unified Development Ordinance for additional height standards.
