PARTNER AGENCIES

The FY 2023 Adopted Budget recommends \$2,795,700 to community nonprofit organizations and regional governmental and quasi-governmental organizations serving the region. These amounts do not include transfers to the Rappahannock Regional Jail or the Juvenile Detention Center, which are presented separately in their own budget narrative.

The FY 2022 Original Budget for Fredericksburg Area Museum was \$85,000. It was increased by \$50,000 under the “Telling Our Story” Initiative to assist with the hiring of a Curator of African American History and Special Projects, pursuant to a MOU with the Fredericksburg Area museum executed in July 2021.

In 2017, FAM accepted the auction block from the corner of William and Charles Streets on loan from the City, and committed to engage a professional in the field of museum interpretation to plan and install a permanent exhibit meeting high standards of scholarship, accessibility, and design for display of the auction block. FAM’s planned interpretation of the auction block will maintain the association of the block and the larger Planter’s Hotel site at 401-405 William Street, and will necessarily coordinate with the interpretive efforts at the site itself. The City has similarly committed a more formal interpretation of the former slave auction block site.

This new FAM hire will be charged with assisting both the City and FAM in meeting their goals in bringing more time and attention to our African American stories.

Community Agencies
